Good Morning, Colleagues.

As announced previously, employees who voluntarily provide documentation of a COVID-19 vaccination may request to be exempt from the Texas A&M University System Offices mandatory COVID-19 testing program. To request to opt-out of the testing program, please upload a copy of your CDC COVID -19 Vaccination Card within the form below. Once your submitted documents have been verified, you will receive an email from [covidvaccine@tamus.edu](mailto:covidvaccine@tamus.edu) confirming the date you will no longer need to participate in System Offices required COVID-19 testing. If you have not received an email verification within two **business days**, please reach out to [covidvaccine@tamus.edu](mailto:covidvaccine@tamus.edu). Your COVID-19 vaccination information will be maintained in a confidential manner like other employee medical information.

You may open the form in your web browser by clicking the link below:
